

FPUK85 EGRR 011600
Forecast for the UK.
Issued by the Met Office
at 1600 on Thursday 1 July 2004

** Valid for Broadcasts Between 1800 and 0600 **

Headline:

Cloud and bands of showery rain spreading from the west.

This Evening and Tonight:

Rain spreading eastwards across much of England and Wales. Showery rain over Northern Ireland this evening spreading to all western parts later. Clear spells elsewhere.

Friday:

Rather cloudy at first with showery rain, some heavy, spreading from the west, followed by sunny periods and heavy, blustery showers. Windy in the south, feeling cool.

Outlook for Saturday:

Cloudy at times with scattered, sometimes heavy showers.
