

FPUK85 EGRR 010400  
Forecast for the UK.  
Issued by the Met Office  
at 0400 on Thursday 1 July 2004

\*\* Valid for Broadcasts Between 0600 and 1200 \*\*

Headline:

Sunny spells and blustery showers, locally heavy and thundery.

Today:

After a largely sunny start, blustery showers already near western coasts, will become widespread, bringing a risk of hail and thunder. Feeling cool.

Tonight:

Patchy rain will spread eastwards across southern England with rain over Northern Ireland this evening reaching western Britain later on. Dry with clear spells elsewhere.

Outlook for Friday:

Morning rain clearing to sunny spells and heavy, blustery showers. Rather cool.
