Here is the forecast for the United Kingdom for daytime tomorrow:
There will be rain and snow in the southeast at first, but this will clear through the morning. Otherwise it will be a colder, drier and brighter day for much of the UK. It will be windy for all with gales and showers in coastal areas, which may turn wintry over higher ground.

Outlook for Thursday and Friday:

On Thursday there will be sunny spells, but it will be cold with showers around coastal regions, and skies will cloud over from the west. Friday will see some wet and windy weather at times, with snow falling on some of the hills.
