

# National Severe Weather Warning Service

### Chief Forecasters Assessment

A narrow band of heavy rain is currently moving eastwards across England and Wales. Squally winds are accompanying this band of rain producing a brief spell of very windy conditions with gusts up to 50 or 60 mph as the heaviest rain approaches. In any one place this spell of wet and windy weather should only last 30 minutes or so.

The Met Office have issued a **Yellow Warning of Wind**

Valid from **02:00 on Sun, 27th Oct 2013** until **08:00 on Sun, 27th Oct 2013**

The public should be aware of a brief spell of strong winds this morning bringing the risk of damage to trees and the possibility of disruption to transport.

For more details please go to:
