

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Sunday 03 Dec 2006

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
Western parts of the UK will have some sunshine but also frequent blustery showers. Eastern parts of England and Scotland will begin cloudy with some heavy rain. The rain clearing this morning to be followed by sunny spells and just a few blustery showers. A very windy day with temperatures near normal.

Outlook for Monday and Tuesday:

After a bright start rain and strong winds will spread from the west to most parts during Monday. The rain clearing on Tuesday to be followed by brighter weather with sunny intervals and blustery occasionally heavy showers. Becoming mild on Monday, feeling colder in the wind on Tuesday.
