DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Sunday, 24 January 2021 at 05:33 local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Generally Low air pollution, but localised Moderate levels are possible in urban parts of northern England, due to light winds and settled conditions.

Tomorrow: Low air pollution expected for much of the country, but locally Moderate levels are possible especially in northern England, due to dry weather and light winds.

Outlook: Low on Tuesday, with local Moderate levels, mainly in the north. Wet and windy weather developing through Wednesday and Thursday, with Low levels air pollution expected.
