++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
A cold and frosty start for many across the UK tomorrow. A dry and bright day will then follow across central and eastern parts, but rain will push into southwest England and Wales as the day goes on. It will be a windy day across Scotland with showers or longer spells of rain.

Outlook for Wednesday and Thursday:  
Wednesday will bring a mixture of sunny spells and blustery showers, some of these may be wintry, especially over any high ground. Strong winds will give a cold feel. Remaining cold on Thursday with strong winds for some but fewer showers and more sunshine.
