Here is the forecast for the United Kingdom for daytime tomorrow:
Tomorrow should get off to a bright start with a few showers pushing eastwards.
Some rain will spread from the west, turning heavy at times and bringing
strengthening winds with it. Temperatures will be on the chilly side and it'll
feel cold in the wind and rain, with gales likely.

Outlook for Tuesday and Wednesday:

The rain should most clear overnight with another windy day following for
Tuesday. Some showers are likely in the north and light rain towards the south.
Wednesday's looking like a calmer day with lighter winds, mostly dry conditions
and increasing temperatures.
