

FPUK85 EGRR 031600
Forecast for the UK.
Issued by the Met Office
at 1600 on Sunday 3 October 2004

** Valid for Broadcasts Between 1800 and 0600 **

Headline:

Rain in northwestern areas spreading southeast. Gales or severe gales.

This Evening and Tonight:

Rain in many northern areas will spread southeast across Wales and the southwest overnight, often heavy, and accompanied by gales.

Monday:

Rain may linger in the southeast, sunshine and scattered blustery showers following elsewhere. Very windy, perhaps with severe gales in Scotland.

Outlook for Tuesday:

Sunshine and scattered showers for many areas, but cloud and rain may return to the southeast.
