Here is the forecast for the United Kingdom for daytime tomorrow:  
Thursday will be dry for most, with patchy cloud and sunny spells. The best of the sunshine will be in the southwest and northeast, but it will be cloudier further north, with patchy rain in the northwest. In the sunshine it will be feeling warm though.

Outlook for Friday and Saturday:

There will be little change as we go into the weekend, with mostly settled weather across the country. It will gradually become warmer by day in the sunshine and light winds, but by night it will turn chilly, with a frost risk for some.
