Here is the forecast for the United Kingdom for daytime tomorrow:
Chilly, breezy and fairly sunny across much of the United Kingdom on Tuesday, although occasional showers can still be expected across parts of eastern England. Turning overcast and damp across northwest Scotland during the afternoon, and southwest Scotland and Northern Ireland during the evening.

Outlook for Wednesday and Thursday:

Wednesday will be generally cloudier and milder, with occasional drizzly rain in the west. Dry and brightest across southern and eastern Britain on Wednesday. Mainly cloudy and rather windy on Thursday, with some heavier rain spreading southwards across Northern Ireland and northern Britain by day, and southern Britain during the night.
