

FPUK85 EGRR 041600  
Forecast for the UK.  
Issued by the Met Office  
at 1600 on Saturday 4 February 2006

\*\* Valid for Broadcasts Between 1800 and 0600 \*\*

Headline:

Rather cloudy on Sunday but some sunshine likely. Generally dry.

This Evening and Tonight:

Most places dry with variable, often large, amounts of cloud. Some cloud breaks with local fog and frost, especially in eastern parts. A little drizzle across northern Scotland.

Sunday:

Another dry day for many. Plenty of cloud but some sunshine at times, eastern districts most favoured. Rain or drizzle across the far north of Scotland.

Outlook for Monday:

Many places dry with variable cloud.
