++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
It will be a day of either scattered showers or perhaps some longer spells of rain in places, especially in western areas and over higher ground. It will also be generally cloudy, although it will brighten up locally, more so in Scotland and northeastern England. It will be breezy in the south and west.

Outlook for Friday and Saturday:

Friday will be a breezy and rather cloudy day with either showers or more persistent rain at times. On Saturday there will be a mixture of bright or sunny intervals and scattered showers, some of which will be heavy in the north.
