

FPUK85 EGRR 021600
Forecast for the UK.
Issued by the Met Office
at 1600 on Tuesday 2 May 2006

** Valid for Broadcasts Between 1800 and 0600 **

Headline:

Most places becoming dry. Some patchy rain lingering in south.

This Evening and Tonight:

Most places becoming dry. Some patchy rain lingering in south. Heavy showers returning to west of Northern Ireland and Western Isles.

Wednesday:

Mostly dry and warm with hazy sunshine. Showers in northwest, these clearing during the evening. Further showers will spread northwards later.

Outlook for Thursday:

Warm or very warm with sunny spells. Cloudier in the north and west with scattered, locally heavy showers.
