

Yellow warning
Ice

Between
00:15 Fri 29 Nov 2019 and
10:00 Fri 29 Nov 2019

Some icy stretches likely Friday morning

What to expect

- Some injuries from slips and falls on icy surfaces
- Probably some icy patches on some untreated roads, pavements and cycle paths

Further details

An area of rain is expected to clear southwards across much of Wales, the Midlands, East Anglia and the south of northern England on Thursday evening.

Following this surface temperatures are expected to fall away below freezing and following the rain and recent wet weather many surfaces are likely to remain wet leading to icy stretches forming where these not treated.

✓ Medium likelihood of low impacts
