

FPUK85 EGRR 040400
Forecast for the UK.
Issued by the Met Office
at 0400 on Wednesday 4 October 2006

** Valid for Broadcasts Between 0600 and 1200 **

Headline:

Sunny spells and scattered showers. Rain in west later tonight.

Today:

A mostly sunny, but chilly start, but some showers developing, one or two rather sharp. Temperatures will be near the seasonal average.

Tonight:

Showers mostly dying out, but persisting in the north. However, thickening cloud will bring rain to many western areas by morning.

Outlook for Thursday:

Organised rain spreading eastwards to all areas after a bright start in the east. Becoming rather windy.
