

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Sunday 26 Jul 2015

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
Breezy day with the early cloud and rain across southwestern parts pushing  
northeastwards through the day. Brighter conditions with showers, these locally  
thundery, will follow into southwestern parts. Northern Scotland will be fine  
with sunshine. Cloudy and mild overnight with outbreaks of rain, although it  
will be dry in the far north of Scotland. Turning windy across southwest  
England.

Outlook for Monday and Tuesday:

Often cloudy with further rain or heavy showers on Monday. Brighter in the south  
with strong winds, especially in coastal areas where there will be gales.  
Tuesday, remaining windy for a time, with the overnight rain breaking up into  
scattered showers.
