Here is the forecast for the United Kingdom until dawn tomorrow:
For England and Wales it will be a dry and bright day, feeling pleasantly warm in the sunshine and light winds. Some fair weather cloud will develop through the afternoon. Cloudier for Northern Ireland and western Scotland with some light rain at first. Showers likely across eastern Scotland later. A dry and clear night follows.

Outlook for Tuesday and Wednesday:
England and Wales will be largely dry and sunny on Tuesday, but cloudier in the north with a risk of some showers in Scotland. Dull in eastern places to start Wednesday with patchy coastal rain. Thereafter mainly dry and sunny although isolated showers developing later.
