++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
A generally cloudy and dull day with outbreaks of rain and a few wintry flurries in eastern Britain. Some sunshine is likely across northern and western Scotland, and northwest England for a time. However, outbreaks of rain may reach Northern Ireland in the evening. It will feel cold in the easterly breeze.

Outlook for Friday and Saturday:

It will be very windy on Friday with a band of rain spreading eastwards, preceded by snow in parts of northern Britain. It will stay windy on Saturday with sunshine and blustery showers, occasionally heavy and wintry, especially over hills.
