

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Thursday 10 Mar 2016

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
Much of England and Wales will be rather cloudy today, with some isolated light rain or drizzle, especially across hills. The best of the sunshine will be for Scotland, Northern Ireland, and western parts of England and Wales. Overnight, cloud will thicken across western parts of Scotland and Northern Ireland with patchy rain. Otherwise dry with clear spells.

Outlook for Friday and Saturday:

Cloud and rain will edge across much of Scotland and Northern Ireland on Friday, gradually easing through the day on Saturday. Otherwise, a quiet, milder spell of weather for much of England and Wales with light winds and some sunny spells.
