

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Tuesday 08 Jul 2014

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
Early rain for the northwest, possibly heavy. A cloudy start for central areas, otherwise, sunshine and showers for the UK. Showers, heavy at times, slow moving and locally thundery, mainly in the east. Feeling warm in the sunny spells. Showers easing to leave a mainly dry night with clear spells and isolated mist patches. Cloud increasing in eastern areas later.

Outlook for Wednesday and Thursday:  
Cloudy and windy in the east with outbreaks of rain on Wednesday. Drier and brighter elsewhere with sunny spells in the far west. Rain, heavy at times, edging further west through on Thursday with drier, brighter weather in far west.
