

FPUK85 EGRR 011000
Forecast for the UK.
Issued by the Met Office
at 1000 on Wednesday 1 June 2005

** Valid for Broadcasts Between 1200 and 1800 **

Headline:

Rain, locally heavy spreading eastwards. Some drier, brighter spells developing.

Today:

Outbreaks of occasionally heavy rain will spread eastwards across most areas today, but rain easing from the west and turning drizzly. Some drier, brighter spells may develop, but misty in the west.

Tonight:

Further occasionally heavy rain will spread to central and western parts. Drizzly elsewhere.

Outlook for Thursday:

Rain locally heavy across central and northern areas, drier with bright spells in the south.
