

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 1945 on Friday 07 Jul 2017

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
It will be mostly dry tomorrow with sunny spells, especially in the north and east. Wales and the Southwest of England will be rather cloudy with some light showers. It will become wet and windy in the far north later.

Outlook for Sunday and Monday:  
After a dry morning, there will be showers in the south and east on Sunday, and some of these could be heavy or thundery. More persistent rain is likely in the northwest, followed by drier, brighter weather. Heavy showers will affect England and Wales on Monday too. More persistent rain is likely in the northwest, followed by drier, brighter weather.
