

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Saturday 30 Dec 2017

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
A band of rain and hill snow will move slowly northeastwards across Scotland, with brighter conditions following, with some showers in the west. Brighter skies elsewhere, with further rain arriving into the southwest. Rain will spread northeastwards across the UK overnight. Becoming very windy across Northern Ireland, southern Scotland and northern England.

Outlook for Sunday and Monday:

Early rain and strong winds slowly clearing eastwards on Sunday. Elsewhere, a mixture of sunny spells and heavy showers. Staying unsettled into the New Year, with sunshine and blustery showers in the north and west, wintry on hills. Perhaps cloudier in the far south with rain at times.
