

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Monday 23 Jun 2008

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
England and Wales, fine, dry and warm today with spells of sunshine, followed by clear spells tonight. Scotland and Northern Ireland, cloudier with occasional showers, mostly light, but a few heavier ones in the north. Dry tonight. It should feel pleasantly warm with light and variable winds.

Outlook for Tuesday and Wednesday:  
Tuesday will be dry and fine across Central and Southern England, but it will become cloudier and breezier across Scotland and Northern Ireland with some rain. The wet and windy conditions in the north will edge a little further south and east on Wednesday.
