Here is the forecast for the United Kingdom until dawn tomorrow :
Generally cloudy, dry and very cold over England and Wales today,
with a slight frost tonight. Clear spells over N.Ireland and eastern
Scotland, but some fog patches. Mostly cloudy over western Scotland,
with some light rain in the north.

Outlook for Saturday and Sunday:

Staying mostly cloudy, dry and cold with light winds across England
and Wales, very cold in the southwest on Saturday. Breezy with some
light rain over north and west Scotland. Isolated persistent fog
patches are likely, especially on Saturday. Rain, locally heavy, will
push across northern Scotland on Sunday, and becoming windy there.
Temperatures near normal over Scotland and N.Ireland.
