++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
It will be largely cloudy across the country today with the best of any bright or sunny spells in the southwest. In the northwest there is likely to be some light rain or drizzle and there may be the odd shower in the northeast. It will feel cool for the time of year.

Outlook for Saturday and Sunday:

It will turn more unsettled into Saturday with a band of rain clearing eastwards through the morning, leaving showers behind. Into Sunday it will feel a little breezy with showers continuing across most parts and feeling cooler than of late.
