Here is the forecast for the United Kingdom for daytime tomorrow:  
Cloud and a little rain over southeast England early Sunday clearing to leave a mix of sunshine and blustery showers, these heaviest and most frequent in the north, a few with hail and perhaps thunder. Some showers over northern hills could be prolonged. Strong winds generally.

Outlook for Monday and Tuesday:

Wet and very windy in the north and west Monday but clearing to sunny intervals and showers. Gales or severe gales are expected in the north. The southeast will be mostly dry and bright with some sunshine. Tuesday will be dry and bright over much of the U.K. and with much lighter winds.
