Here is the forecast for the United Kingdom for daytime tomorrow:  
After a chilly start with some mist and fog patches, it'll be a fine day with sunny spells across the British Isles. There may be some thicker cloud and patchy rain in the far northwest. Breezy in the west. It'll be a dry night, with clear spells and fog patches in places. Chilly, but less so than previous night.

Outlook for Wednesday and Thursday:  
It'll be fine and dry, with variable cloud and bright or sunny spells during Wednesday and Thursday. Feeling cold with a brisk easterly wind, and chilly by night where skies clear. Chance of a few showers in the east by Thursday.
