++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
Scotland, Northern Ireland and northern England will be generally cloudy with rain or showers, and some of these may be heavy. The rest of England and much of Wales will have sunny spells and just a few showers, but here it will be cool and very blustery with strong westerly winds.

Outlook for Saturday and Sunday:

Scotland will remain unsettled with further rain or showers. Elsewhere, Saturday should be drier and warmer with some good spells of sunshine with brisk winds easing down. There should be sunshine on Sunday, but showers are likely to develop in many areas, a few of these rather heavy.
