Here is the forecast for the United Kingdom for daytime tomorrow:
Cloud, rain and drizzle spreading across southern and western parts of Britain, some locally heavy bursts likely, especially in the south later. Feeling cool under the cloud and rain in the southwest, but perhaps feeling humid later. Elsewhere, it will be dry with some pleasantly warm sunshine.

Outlook for Monday and Tuesday:
Cloudy, with outbreaks of rain, heavy and possibly thundery in the north and west on Monday and Tuesday. Mostly cloudy, with occasional bright spells across the south on Monday. Feeling warm and humid. Tuesday will see more in the way of sunshine across the south, where it will be very warm and humid.
