Here is the forecast for the United Kingdom for daytime tomorrow:
A bright but cold day with scattered wintry showers, especially in the north and west, some heavy, with snow accumulations mostly confined to high ground. Turning unsettled and windy in the north later with rain and hill snow, while a frost soon sets in after dusk elsewhere.

Outlook for Wednesday and Thursday:
Unsettled on Wednesday with strong to gale force winds. Rain will sweep southwards across the UK, some hill snow in the north for a time, with showers then following. Thursday, cold and windy with scattered wintry showers, turning to snow inland, heaviest near eastern coasts. Soon turning frosty in the evening.
