DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Thursday, 07 January 2021 at 05:30 local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels will be Low across the whole of the UK.

Tomorrow: Air pollution levels are expected to remain Low on Friday.

Outlook: Levels of air pollution are expected to remain predominantly Low over the weekend but may become Moderate locally in northern England on Saturday, due to light winds giving poor dispersion of locally emitted pollutants.
