Here is the forecast for the United Kingdom for daytime tomorrow:
Scotland, Northern Ireland, and much of northern England and Wales, remaining dry and sunny throughout. Elsewhere, mostly dry with some sunshine, but some showery rain spreading to parts of southeast England. Remaining windy, especially over southwest England and along English Channel coasts.

Outlook for Wednesday and Thursday:
Scotland is expected to remain mostly dry with spells of sunshine. Elsewhere, the showery rain in parts of southern England extending northwards to affect much of England and Wales by the end of Thursday. The rain will be locally heavy with a risk of thunder. Feeling cool in the rain. Some strong easterly winds at times.
